

BALA IS PLEASED TO WELCOME THESE TOP TIER DATA CENTER TEAM MEMBERS

**John H. Brockwell - Senior Project Manager,
Data Center Market Sector Leader
JHB@bala.com, 610 994 9328**

John brings over 20 years of national experience in Data Center and Mission Critical Projects. He is in the forefront of engineering design and operations of state-of-the-art mission critical facilities, command/control centers and emergency operation centers. John's leading edge project experience includes facilities for the City of New York's E-911 Center, Department of Information Technology & Telecommunications Data Centers(DoITT), Equinix, Barclays, Savvis, SIAC and Lockheed Martin.

**Scott M. Davis, PE, LEED AP - Mechanical Dept. Director
SMD@bala.com, 610 994 9329**

Scott will oversee the Mechanical Engineering design in both our Philadelphia and New York City offices. In addition to his extensive Data Center and Mission Critical experience, Scott's expertise includes pharmaceutical research and manufacturing facilities, educational buildings and corporate headquarters projects. Scott's project experience includes: the City of New York's E-911 Center, Equinix, Savvis, Pfizer, Amgen, National Institutes of Health, Roche Pharmaceuticals and Lockheed Martin.
